

Django Mango Notes 11/04

What we've done for the past week:

Bryan: Done some coding but unable to test the code;
keep getting error; buffering
Jason: Fixed bugs
Danny: Uploaded frontend folder to server
Chan: Uploaded backend folder to server

Things to do for this week:

- Backend Server:

- * Do we need to swap Django to different PHP?
- * What can be done to fix this issue?
- * Can we run Python (Django) on Cheshire Server?

- Adding the functionality for a user to join multiple groups / Multiple Courses

Danny Sager: Server Stuff
Jason: Fix the error / bug that Bryan is having
: Break down #14 and assign to people
Bryan: Fix the error / bugs;
Chan: Get task assigned from Jason #14

Meeting for this week:

- 11/07, Thursday, Capen, 8AM
